

**Transcript of allegation by Councilmember Bridget Donnell Newton**

Mayor and Council Meeting, January 10, 2011 (at 3:14:11 on the video)

Councilmember Newton:

I am also very disappointed that the handling of a letter, the e-mail that came from a citizen to you, Mr. Ullery, um, concerned about the public disbursement of the report – um, another citizen was then maligned in that e-mail. And the gentleman e-mailed you back and straightened it out. But - and it's very unfortunate and very unprofessional.
