Staff Liaisons of the Boards and Commissions:

Please note that the *revised* Expression of Interest form indicates that the City of Rockville will not distribute the address and phone number of an individual when releasing information to the public. Only the Mayor and Council, the Board and/or Commission, and you, as the staff liaison, are privy to this information. As such, please remember to redact the address and phone number from a form before it is distributed to the "public". It is important to remember that the form itself cannot be released to the public **at all** if the individual has not indicated affirmatively in the appropriate box on the Expression of Interest form.

I have attached for your information the new Expression of Interest (appointment and reappointment) forms.
